NOTE FOR: Executive Secretary

Since the attached asks for contact with Agency people, believe it should go to an Agency component for action rather than the NIC. In any case, it should certainly be provided to the Executive Director.

The Deputy Director of Central Intelligence

NOTE FOR: Executive Director

Two thoughts come to mind on this. First, I am not sure how active the Academic Coordinator is these days, but I would think that he should at least be in on the loop on something like this. Secondly, as you know this is the second such item that we have received from David Abshire, who also sits on PFIAB, in the last few days. This seems like somewhat of a conflict of interest that you might want to bring to  attention.
